

STUDENT ENGAGEMENT AND LEARNING OUTCOMES

A Workshop by HT Head Chhatra Chettri

On the 30th of December 2024, Moti Ram Arya School hosted an enlightening and enriching session for educators, focusing on Student Engagement and Learning Outcomes. The session, led by Chhatra Chettri, the Head of HT, was a remarkable opportunity for teachers to explore innovative approaches to enhancing classroom engagement and improving student learning.

The event, structured to encourage interactive participation, allowed educators to share best practices and discuss strategies for fostering an environment that promotes deeper student engagement. Chhatra Chettri, with his expert insights, emphasized the importance of creating an inclusive learning atmosphere, where students feel motivated to actively participate and express their ideas.

The session was not just about theoretical knowledge but also about practical techniques that can be immediately applied in classrooms. Educators engaged in lively discussions, gaining new perspectives that broadened their horizons on effective teaching methods. The importance of integrating technology and hands-on activities to stimulate student interest and participation was highlighted as key to improving learning outcomes.

Overall, the session was highly impactful, providing a well-structured platform for educators to learn, collaborate, and grow professionally. Teachers left the event feeling inspired, equipped with new tools and techniques to enhance their teaching practices and contribute meaningfully to student success.

This session marks another milestone in Moti Ram Arya School's ongoing commitment to professional development and academic excellence.
